EDGE BAND

Packing Will be Only 50 Running Meter

Congratulations on choosing a product made from this high-quality, non-porous acrylic surface material. This material is hygienic and suitable for contact with foodstuffs and is resistant to fungal and bacterial growth.

Gloirio Glass Finish Edgeband is pleasant to the touch, warm and has an excellent visual depth effect.

Do not use scouring or alcoholic cleaning agents. These may attack and damage the surface. Heavy dirt must be removed with a soft cloth (microfibre cloth) and soapy water.

**NOTE:** There can be colour variation in material from different batches. It is advised to use the same batch material to avoid colour variation. Actual colour of the Edgebanding sheets may vary from this catalogue.

EASY TO MAINTAIN | EASY TO CUT | EASY TO INSTALL | UV RESISTANCE

Check our Crysta 1.5 mm Collection for Same Color Acrylic Laminates.
